This is an example prayer and support letter.
Feel free to use this format but make the letter personal.**

Day/Month/Year

Dear _____,

I am writing to request your prayer and financial support this summer. I will be serving as a camp counselor at the Christian Retreat Center (CRC). I will have the joy of serving, loving, and leading at camp, as we seek to make Jesus known through our words and actions to our campers. I will be serving at CRC during the weeks of *insert dates*. The weeks are very intense and require a lot of energy physically, mentally, and spiritually. Any prayer support you can offer will be highly appreciated.

I am asking you to participate in the Adopt-A-Counselor program. This is a program that CRC has in which you can send money to CRC to support my efforts. At the end of the summer, CRC will distribute my raised funds to me. Once CRC processes your gift, the camp will send you a tax deduction/donation letter.

I know I could work at another job and earn more money, but the life experience gained is more valuable than seeking maximum financial earnings this summer. I ask that you look at this opportunity much like supporting a short term missionary. I'm excited for the upcoming summer to serve at CRC.

I thank you for your consideration and I trust that you will pray for me throughout the summer

Love in Christ,
